

PROTEIN SPARING MODIFIED FAST Basic Diet Guidelines

YOUR DAILY PROTEIN ALLOWANCE: _____ ounces (cooked)
_____ ounces (before cooking)

YOUR PROTEIN CHOICES INCLUDE (*baked, broiled, grilled, boiled, roasted, steamed or poached; no fats, sauces or gravies added*):

Very Lean Protein: *25 calories per ounce*

FISH: (white) haddock, sole, flounder, cod, scrod

SHELLFISH: shrimp, lobster, clams, mussels, scallops

COTTAGE CHEESE: plain or with chives

Lean Protein: *50 calories per ounce*

FISH: (dark) salmon, bluefish, porgies, swordfish, halibut, tuna

POULTRY: (skinless) chicken, turkey

ORGAN MEATS: liver, kidney (note: high in cholesterol)

CHEESE: those labeled “fat free” (note: these are often high in sodium)

EGGS: whites only (2 large egg whites = 1 ounce protein)

EGG SUBSTITUTES: ¼ cup = 1 ounce protein

Moderate Fat Protein: *75 calories per ounce*

HAMBURGER & GROUND POULTRY: extra lean and lean grades

BEEF: chuck, flank, tenderloin, rump, round

PORK: well trimmed tenderloin, ham

CHEESE: those labeled “low fat” (note: these are often high in sodium)

EGGS: 1 whole egg = 1 ounce protein (limit 2 per week/high in cholesterol)

*******DO NOT CHOOSE FROM THE FOLLOWING ITEMS*******

High Fat Protein: *100 calories per ounce*

MEAT: fatty cuts of beef, lamb and pork; regular ground meat

CHEESE: all cheeses, unless marked “fat free” or “low fat”

Very High Fat Protein: *125 calories per ounce*

MEATS: prime rib, sausage, hot dogs, bologna, salami, pepperoni, mortadella, spare ribs, short ribs, kielbasa, pate

Fluids:

You must drink at least eight 8 ounce glasses (64 ounces or 2 quarts) of non-calorie liquid every day. This will help to keep you well hydrated and reduce the incidence of lightheadedness.

Fluid Allowed:

Unlimited: Water (tap, spring, seltzer or soda water) decaffeinated black coffee or tea.

Limited: Diet soda (limit to 2 cans or 24 ounces per day due to sodium content), regular black coffee or tea (due to caffeine content), mineral water (due to higher sodium content).

Special use: Salted broth or bouillon may be used when lightheadedness is a recurring problem. Dissolve 1 cube or packet of bouillon in 8 ounces of hot water. Drink this slowly and then drink a second glass of cool, fresh water. This can help to boost your blood volume and your blood pressure.

Avoid: Regular soda and tonics, juices, milk, sport drinks, tonic water and “ade”-- type drinks. Read labels carefully. Many “clear” beverages contain sucrose, fructose, or corn syrup as sweeteners (these are types of sugars).

WARNING: AVOID ALL ALCOHOL. DO NOT DRINK ANY BEER, WINE, LIQUOR, LIQUEURS OR MIXED DRINKS. The protein sparing modified fast is a very low carbohydrate diet. When this diet is combined with alcohol, blood sugar can drop and blood alcohol levels will rise rapidly, causing you to feel and appear drunk.

Sodium (Salt): Unless instructed otherwise by your physician, you may salt food to taste.

Calcium Supplement: _____

Multivitamin/Mineral: _____

Potassium Supplement: (as prescribed by M.D.) _____

Ketones: Check your urine for ketones using Ketostix (available at the drug store).

Additional Items Allowed:

- ¼ head of lettuce with lemon juice or vinegar
- non-stick cooking spray (PAM or Mazzola No-Stick, any flavor)
- artificial sweeteners (Sweet N’Low, Equal, saccharin)
- sugar-free gum or mints (up to 5 pieces per day)

**Protein Sparing Modified Fast
Sample Menu
Week 1**

This is a sample menu of a 14 ounce cooked (16 ounces before cooking) protein sparing modified fast. Please refer to the *Basic Diet Guidelines* handout for a list of other acceptable foods and their calorie value.

½ cup egg substitute
2 Tbsp scallions
1 oz low fat cheese
Non-stick spray

Mix all ingredients. Spray a non-stick frying pan with the spray. Cook on medium heat for 8 – 12 minutes.

Tuna Salad

CALORIES: 272
PROTEIN: 6 Ounces
CARBOHYDRATE: 5 Grams

6 oz tuna – packed in water
2 cups lettuce – shredded
½ small tomato (3 oz) – diced

Mix all ingredients together. Season with vinegar and spices.

Chicken Tomato

CALORIES: 328

PROTEIN: 6 Ounces

CARBOHYDRATE: 7 Grams

6 oz boneless skinless chicken breast

¼ cup tomato juice

½ cup broccoli

Place chicken and broccoli in casserole dish. Pour tomato juice over both. Season with spices. Bake at 350° for 35 minutes.

Fish and Spinach

CALORIES: 162

PROTEIN: 6 Ounces

CARBOHYDRATE: 4 Grams

6 oz fish of your choice

2 cups raw spinach

Place fish and spinach in a casserole dish. Pour broth and lemon juice mixture over both. Season with spices. Bake at 350° for 35 minutes.

Preparation Guidelines

Lightly salt all food, if desired.

All foods must be weighed and measured accurately.

Recommended daily calorie total should range between 600 – 800 calories.

Keep a daily food diary which includes: food choices, amounts, calories, protein ounces, and carbohydrate grams.

Marinade Recipes

<p><u>For Poultry</u></p> <p> $\frac{3}{4}$ cup wine vinegar 3 Tbsp lemon juice 1 medium onion, minced 1 clove garlic, crushed $\frac{1}{4}$ cup chopped parsley 1 bay leaf $\frac{1}{8}$ tsp thyme $\frac{1}{8}$ tsp tarragon 2 tsp salt $\frac{1}{2}$ tsp pepper </p>	<p><u>For Fish</u></p> <p> 3 tbsp vermouth or dry white wine 1 $\frac{1}{2}$ tsp lemon juice $\frac{1}{2}$ tsp salt $\frac{1}{2}$ tsp oregano 1 clove garlic, minced $\frac{1}{2}$ tsp pepper </p>
